LUCENTI STORY

SINCE 1925

Lucenti's passion for furniture and furnishings began in Comiso, (small town in Italy) and has continued over the years until today with the third generation bearing his name and putting his signature on it.

ITALIAN TRADITION

Since 1925, the Lucenti name has been connected to Italian craftsmanship and bespoke interiors. What began with Biagio Lucenti's grandfather, transforming architectural drawings into finely crafted furnishings and intricate wood inlays, continues today through a third generation dedicated to Italian design and custom interiors. After years working alongside leading Italian design brands in New York, Biagio Lucenti founded Lucenti Interiors, a high-end Italian interiors company with showrooms in New York City and Greenwich, Connecticut.

Our Greenwich showroom exclusively represents **Poliform** and **Flexform** in Fairfield County, together with **Gessi**, internationally recognized for its innovation in architectural kitchen and bath fittings.
